Your Song

Yesterday I woke up
With my head in the clouds
Was it all the wine of last night
Taking me down
But I got a feeling that something happened right
Because I'm lying still, but I'm dancing inside

Oh, yes it did
And I know its truth
Cause when the sun came up
All I could think was of you

I feel like a little child
Taking its first steps
Although I walk a thousand miles
Before all this came to pass
Now the shapes of things to come
They will show what we'll become
In the winter night
We lit a shining light

Oh, yes we did
And I know its truth
Cause when the sun came up
All I could think was of you

It's got to be love
It's got to be love
It's got to be love
It's got to be love
Can you feel it
Can you feel it
Can you feel it
Can you feel it
