"Hey Hey"

Hey hey, look kid
You came around again
Didn't think we'd see you with how things ended back
then
Hey hey old friend
I think it's been too long
Grab the guitar, lets sit around
play our favorite song...

Our bodies breath off the city streetlights
That set our watches because tonight's the night
Everyone get out your cameras
Tonight's a night to remember

My heart's in sync with these constant memories
When I look back I wish I had more of these
Neverland is just around the corner
I'm done with this "getting older"

Hey hey, look kid
You came around again
Didn't think we'd see you with how things ended back
then
Hey hey, old friend
I think it's been too long
Grab the guitar, lets sit around
And play our favorite song...

Here we are in my car
Driving under the same lucky stars
That we wished on when we were kids
Let me hear you say "hey kid, I miss this"
"hey kid, I miss this"
"I miss this"

Hey hey, look kid
You came around again
Didn't think we'd see you
With how things ended back then
Hey hey, old friend
I think it's been too long
Grab the guitar lets sit around

And play our favorite song...

Hey hey, look kid
You came around again
Didn't think we'd see you
With how things ended back then
Hey hey, old friend
I think it's been too long
Grab the guitar lets sit around
And play our favorite song...

Hey Hey look kid
hey hey, hey hey
Hey Hey look kid
hey hey, hey hey
