Your head lays down upon this car
But I hate you for what you are
And what I have become
Fire burns within your lungs

So light yourself another smoke
And recreate what we call hope
Make me feel like you care
Moonlight shines down on your hair

And did I let you know
How beautiful you look tonight
Your smile lights the sky
And all I ask is you save me your last dance

Tick tock we dance to the beat
The clock spins, you spin into me
Feel my hands, I'm not shaking

Tick tock we dance to the beat
The clock spins, you spin into me
Feel my hands, I'm not shaking

Start flames to burn out
Start thinking out loud
Give me an ending
Then we'll stop pretending

If we stop pretending
We know where we're heading
'Cause I said stop but I'm still spinning
They've said I've lost but I'm still winning

Burn quick and stand still
Speak slow to get through
These words I couldn't say to you
I crack concrete falling down for you

Tick tock we dance to the beat
The clock spins, you spin into me
Feel my hands, I'm not shaking

Tick tock we dance to the beat
The clock spins, you spin into me
Feel my hands, I'm not shaking

Feel so t-t-t-tongue tied
Feel so t-t-t-tongue tied
Feel so t-t-t-tongue tied
Feel so t-t-t-tongue tied
I'm not shaking

Tick tock we dance to the beat
The clock spins, you spin into me
Feel my hands, I'm not shaking

Tick tock we dance to the beat
The clock spins, you spin into me
Feel my hands, I'm not shaking
