(intro)

been a long time, i shouldn't of left you  
without a strong rhyme to step to,  
its been a long time, i shouldn't of left you  
without a strong rhyme to step to,

(vrs1)

im neva gon' stop always be back quick,  
and everytime i think that this gon' be that trip,  
and everytime im like "damn! cant believe that shit"  
then its back to the lab trying to rehab it,  
i made record after record for you to get to steppin',  
and bop yo' head like you answering questions,  
directions will be given, applause when i perform,  
the guardian rapper always rappin outta norm,  
mc's put down the mic and just leave it to the guard,  
i payed attention thats why everytime i write i get it off,  
when i get on no stopping, indeed!  
after the hook i wrote you cant wait for the rhyme to  
proceed,  
i rep queens to the fullest, rep rap to the end,  
and everyday i rep a unified unit of men,  
i give the blessing it's uncontested its simply amen,  
im 5' 11" even tho i look at yall from 8'10"

(hook)

im looking like a star, got money in my jeans,  
everything about me always super-duper clean,  
got women on the scene and then i do a lean  
to get a better view and yo this is what i see...

i see no competition, i see no competition,  
i see no competition, nuh-uh no competition,  
i see no competition, i see no competition,  
nuh-uh no competition, nowhere competition,

(verse2)

i wrote a new rhyme for your ears to build,  
its time to feed these youngn's like enfamil,  
i seen a grown man cry, i seen a young man kill,  
and if you play with my money you gon' see me ill,  
everyday i gotta be guard, that's harder than a week

job,  
dont eat no dairy, got a plastic meat free fork,  
been working out heavy, the body says alot,  
it says more than the mouth so please shut the f\*ck up!  
i get it in with a passion, mortgage over fashion,  
with enough room for expansion in case i wanna  
expand,  
got my baby riding with me, mr.g with me  
coming straight out of flushing and we reppin' the lanz,  
by a majority of hands i wanna see who thinks that they  
can  
put words together better than the f\*cking man!?  
and if you dont understand...u aint suppose to,  
those that do will those that that dont are never part of  
my plan

(hook)  
im looking like a star, got money in my jeans,  
everything about me always super-duper clean,  
got women on the scene and then i do a lean  
to get a better view and yo this is what i see...

i see no competition, i see no competition,  
i see no competition, nuh-uh no competition,  
i see no competition, i see no competition,  
nuh-uh no competition, nowhere competition,
