Deep As You Go

Deep as you go I'll follow  
Deep as the water goes  
All the world is hollow and dry  
But you and I go down  
You and I go down

Far as you want to take me  
Far as your eyes can see  
Leave the world alone in the sky  
You and I go free  
You and I are free

Don't save me  
Don't lose me  
Don't wake me now  
You left me  
You release me  
Let me drown  
Take me down

Promise to take me with you  
Promise to let me go  
All the world is waiting to see  
As you and I go down  
You and are free

Don't save me...

I want to be completed  
I want to disappear  
I want to be uncovered  
Take me down  
Take me down  
Let me drown

Somehow I need to love you  
More than I need to breathe  
I can feel you leaving the ground  
I will follow down  
You and I will drown

Don't save me...
