(Spoken)

Hey, hey you there. You need a lift? Hey how you doing.

Hi my name is Hiram Gyle Waddy but for you it's
Gyle.

(Sing)

Before I met you my life moved slowly.

I found myself going around without speed.

I found myself driving in the slow lane.

My life had no purpose. No aim.

Before you came my love was at full stop.

No matter what I did everything just flopped.

My heart had stalled, and I was all alone,

but now I'm recharged baby, turned on.

But since I have found your sweet love

I am cruising in my fifth gear.

Seventy, eighty, hit ninety

can't stop me now since you appeared.

Now I'm ridding in the express lane

the highway of your love.

Babe, I'm moving down the express lane

I'm powered by your love.

Yeah, I'm ridding in the express lane

with my love by my side.

Yeah, I grooving on the express lane

you brought me back to life.

No more red lights to stop me from living

out of my way I have found what life means.

You showed me what it means to be giving yeah

Now I am doing fine it seems.

You put my life on the right road

I'm ahead I've passed all the rest

I got a heart load have to unload

it's for you my love you're the best

Now I'm ridding in the express lane

the highway of your love.

Babe, I'm moving down the express lane

I'm powered by your love.
Yeah, I'm ridding in the express lane
with my love by my side.
Yeah, I'm grooving on the express lane
you brought me back to life.

You came and changed my life
you brought me light in the night.
I tell you really, really, really changed my life
and you really make feel all right.
