(Spoken)

I know that sometimes I'm not around when you want me, and even when

I'm there I don't show you much attention. You see sometimes I want to say sweet little things or even hold you but I guess I do it better by song. You see, I love you.

(Sing)

Sometimes I don't give a sign to show how I really care.

Sometimes I don't even acknowledge you're presence though you're there.

It's not that I am a terrible guy, but I just don't take the time

to say sweet things and tell you what's going on within my mind.

I know at times you think that I don't want to stay with you.

I know with out my presence you can become down and so blue.

It may be hard for you to believe, but I'm aware of the things that I do

but that doesn't mean my darling I don't love you.

You see, I love you.

As you see baby I am here come let me hold and love you.

I'll chase away all of your concerns no never feel that you are alone.

As you see all of your worries, all of your fears weren't true

my love for you is so very strong that it shines brighter than any gemstone.

Do you know you're on my mind every hour we're a part?

Did you know you're the only one with the one key to my heart?

In case you don't know the place you hold deep in my soul

I just want you to know you; you are the only one I would like to hold.

As you see baby I am here come let me hold and love

you.

I'll chase away all of your concerns no never feel
that you are alone.

As you see all of your worries, all of your fears
weren't true
my love for you is so very strong that it shines brighter
than any gemstone.

Do you know you're on my mind every hour
we're a part?

Did you know you're the only one with the one key
to my heart?

In case you don't know the place you hold deep in
my soul

I just want you to know you; you are the only one I
would like to hold.

You see, I love you. Sweet one I love you.

You see, I love you.
