I think ive fallen under
A magic spell
something ive heard about once in a fairytale
See I just wait here
It wont take long for prince charming to come along
He'll kill the dragon
and set me free
And happily ever after we'll always be

(Chorus)
all the kings horses
and all the kings men
they'll never put me together again
There's no glass slipper baby, no magic here
and no fairy godmother is ever gonna appear

Locked in the tower
This tale is over
Where it begins I'm drinking poison, yeah
Sedated forever under this spell and noone ail ever
know because there's noone to tell

(Chorus)
all the kings horses
And all the kings men
They'll never put me together again
There's no glass slipper baby, no magic here
And no fairy godmother is ever gonna appear

Ill wait forever to spend forever
ill wait forever for happily happily happily
ill wait forever to spend forever
Ill wait forever for happily happily happily ever after
