Yeah baby I never regret a thing.  
You'd be lucky if I was screaming your name in a  
dream  
Easy come. easier go. I know you came. hope you  
enjoyed the show  
Multiple organisms. single minded but multi-celled.  
It's just a little hedonism no one here is going to tell.  
STOP!  
This dialogue just hit the rocks. and I don't know what  
to think.  
Let's pour our selves another round.  
STOP!  
I know you want just what I got. the ships starting to  
sink.  
And honey you ain't got anything  
She wants it her way. pictures face down on the floor  
Let's start this scarlet year off with hopes of better  
things to come  
I saw it in your eyes. just like the last time  
I hope you realize I can see right through  
I see right through you  
We're dubbed faux-advocators and too photogenic.  
Oh but we can't help it if the haters hate this.  
And she said.  
"my heart is but a muscle baby. and my brain a  
message center"  
After all the "all and alls" I still don't blame her.  
Send A Breakneck S.O.S. hold your breath yeah. hold  
your breath.  
Send A Breakneck S.O.S. savor the suspense  
Yeah this is all you're gonna get.  
(oh these words might sting but don't call the police  
No we're not plagiarizers if that's what you think.  
Tell me what'd ya think.)  
Send A Breakneck S.O.S. hold your breath. yeah hold  
our breath.  
Yea this is all you're gonna get.
