Hey kid,
Don't give up,
You know your life is what you make it.
Don't ever stop,
You got a chance you'd better take it.
Cause even when the skies are darkened,
Inside your heart there's still a light.

You know you're headed for a breakdown,
But don't give it up,
Cause you could own this town tonight,
And there's no reason you should get down,
Cause I'll pick you up next time you feel bad.

Make it the best you ever had,
Make it the best you ever had,
Make it the best you ever had.

Tears in your eyes,
I know somebody really hurt you,
Give it sometime and realize you could've pulled
through.
Cause if you want someone to love you,
You'd better learn to love yourself.

You know you're headed for a breakdown,
But don't give it up,
Cause you could own this town tonight,
And there's no reason you should get down,
Cause I'll pick you up next time you feel bad.

Make it the best you ever had,
Make it the best you ever had,
Make it the best you ever had.

So next time you're down,
Call me anytime and I'll come around,
Cause you're the brightest star I found.

You know you're headed for a breakdown,
But don't give it up,
Cause you could own this town tonight,

And there's no reason you should get down,
Cause I'll pick you up next time you feel bad,
Make it the best you ever had.

Breakdown,
But don't give it up,
Cause you could own this town tonight,
And there's no reason you should get down,
Cause I'll pick you up next time you feel bad,
Make it the best you ever had.

Breakdown,
But don't give it up,
Cause you could own this town tonight,
And there's no reason you should get down,
Cause I'll pick you up next time you feel bad,
Make it the best you ever had.
