You  
You were lying in my bed  
And I told you it was over  
It was over  
And then  
I went away  
And told me to  
Give up on you  
To give up on you

You said maybe  
You don't have to go, baby  
You know that I'm sorry  
And I know that you want me

You said baby, baby, baby  
Won't you sleep with me tonight  
I know just what you're feeling  
And I'm needing you tonight  
Baby, baby, baby  
Won't you sleep with me tonight  
I know just what you're feeling  
And it's cold outside  
Baby  
You don't have to go crazy  
Our future is so bright  
It is gonna be all right

You  
You were singing me a song  
And you promised me love and kindness  
Until there was silence  
And then  
When you whispered my name  
I knew that it was different, it was  
No coincidence

I was broken  
Shackled and hopeless  
And whatever I did  
I knew it was, it was shit

You said baby, baby, baby  
Won't you sleep with me tonight  
I know just what you're feeling  
And I'm needing you tonight  
Baby, baby, baby  
Won't you sleep with me tonight  
I know just what you're feeling  
And it's cold outside  
Baby  
You don't have to go crazy  
Our future is so bright  
It is gonna be all right
