It's like a bed of thorns and you can't sleep
Like a bad kick in the guts so deep
Like you're chained up and you can't break free
But you're just incapable to see

That you're only causing trouble in my head
I try to run away but I'm misled
I know that it's the worst thing I can do
But every time I try to quit I lose
Mmh ahh

It is something you should never touch
It's killing you, it kills this precious love
It lifts you up but then it tears you down
And in the end it leaves you there, alone

Cause you're only causing trouble in my head
I try to run away but I'm misled

I know that it's the worst thing I can do
But every time I try to quit I lose
I lose

And I tried I tried I tried I tried
But I'll never be fine
Mmh why don't you see what you do to me
You make me wanna die
Ahh wanna die

Oh you're making me delirious
You are messin' up my consciousness
I'm trying hard but I just can't defend
It seems that it's too late to make amends

Cause you're only causing trouble in my head
I try to run away but I'm misled
I know that it's the worst thing I can do
But every time I try to quit I lose
