We follow the rules and we fall again to  
Stay in the shade makes you understand that  
The sun won't burn on your face again when  
You swallow the air of the promised land

Hold on this way  
Kings and queens  
Move on I say  
It's just one piece

Hold on this way  
Kings and queens  
Move on I say  
There is more you will see

I feel your heart between your lungs  
Floating rhythm  
Powerful drums  
Caused some action like an alarm  
Haven't found the place where we belong

Hold on this way  
Kings and queens  
Move on I say  
It's just one piece

Hold on this way  
Kings and queens  
Move on I say  
There is more you will see

Ooh can't you see that you can't hide  
Ooh come with me there's a world outside  
Feels right

We follow the rules and we fall again to  
Stay in the shade makes you understand

Hold on this way  
Kings and queens  
Move on I say

It's just one piece

Hold on this way  
Kings and queens  
Move on I say  
There is more you will see

Hold on this way  
Kings and queens  
Move on I say  
It's just one piece

Hold on this way  
Kings and queens  
Move on I say  
There is more you will see
