Look at the night
How it shines for free
Dressed up for me
Somewhere out of sight

So glad I found
How the night can be
You make me see
Is it love profound

No need to speak
Silence is sexy
We are at ease, now lost in time
No need to speak
Silence is sexy
We are at ease, now lost in time

Please close your eyes
And try to see
How you can dance
Right next to me

Lets build a world
Just for you and me
Than we will see
That our love's profound

No need to speak
Silence is sexy
We are at ease, now lost in time
No need to speak
Silence is sexy
We are at ease, now lost in time

Blinded by a silhouette
Touched by a shadow
Warmed through a smile
It's been a while

You dance instead of walking
You're singing while you're talking

I'm lost in your smile
It's been a while

No need to speak
Silence is sexy
We are at ease, now lost in time
No need to speak
Silence is sexy
We are at ease, now lost in time
