We're not accustomed  
So much to this type of discussion  
As we are to a different thing, yeah

What you bring  
To something I don't know about  
So please feel free to tell me, to tell me

The love of minds  
Grows for longer than a lifetime  
The love of bodies  
Takes you there

All our outer organs  
They just love consorting  
The snake, the apple and the rib, yeah

They dropped a cell  
Somewhere near your heart  
And it started swimming for your head, yeah

The love of minds  
Grows for longer than a lifetime  
The love of bodies  
Takes you there, yeah

The love of minds  
Grows for longer than a lifetime  
The love of bodies  
Takes you there

Things look awful good between  
You and I and our vision  
It's getting awful close  
With every little decision

The love of minds  
Grows for longer than a lifetime  
The love of bodies  
Takes you there, yeah

The love of minds

Grows for longer than a lifetime  
The love of bodies  
Takes you there, yeah
