Awaken from your slumber
And get up for the train
You were caught at the station
And waiting for the rain

Well, I call and you answer
And I answer you again
So remember to answer
Remember the way it ends

The truth untold
Will always lie between us
We may never unfold
The way our lives have brought us here

Now send out all your letters
And write it in the sky
For worse and for better
Forever you and I

Then surrender all the ammo
And gather all your charms
'Cause it's gonna burn you and it's gonna blind you
And it's gonna tear you arm from arm

The truth untold
Will always lie between us
We may never unfold
The way our lives have brought us here

Can we get on this together?
Is it time to pull the wire?
Well, I'm gonna learn to unwind you
And I'm gonna earn your faith entire

The truth untold
Will always lie between us
We may never unfold
The way our lives have brought us here
