"Adult Female"

This song is for a girl
No wait, I changed my mind
This song is for an adult female

Is it just me or is it creepy
How often pet names refer to little children?
And it's not just girl, and it's not just baby
It's also boy, and I even think it's where we get
"shawty"

So this song is for the adult female I love
And if there's anything that she's been dreaming of

Yeah, if she wants me to
I'll do what she asks me to do
As long as it isn't really evil
Or otherwise, makes me uncomfortable

'Cause that's what love is
And I have it for her

This song's about love
Not what we think of as love
Especially if we are just in deeper

Love is hard and love is messy
And it can hurt worse than fire
And sometimes it makes you want to tear down a
building with your bare hands

But it also happens to be
The best thing that's ever happened to me
And I'm obviously not a big fan of hyperbole

So this song is for the adult female I love
And if there's anything that she's been dreaming of
All she has to do is ask

And if I can't acquire it with the amount of money I have
Without making myself destitute, then all she has to do
is ask

And I'll be with her until the end of time
As long as time ends before I die

'Cause that's what love is
And I have it for her

Yeah, that's what love is
And I have it for her

That's what love is
And I have it for her
