Say that you want me
Say that you do
You know you hurt me
This love aint true
So as im leaving
I say to you

Won't speak no evil
Won't tell no lie
Boy I'll be happy with some other guy
We had our season,
No more summer days oh
Winter wind blows
You leave me cold

So many times I would cry for you
So many lies this love just aint true
Call me a fool for wanting you
For all the pain you put me through

Chorus:
I'm telling you now, you hear me I've got to get
out
So cold and im tired of you breaking me down
How can I stay when you're hurting my heart this
way
I will cry for you no more, and I won't cry when
you're gone

When you're gone

Sure everybody
Goes through hard times
Cruel words are spoken
When love's unkind
You had no reason
To go breaking my heart
My love was strong
You crossed the line

So many times I would cry for you
For all the pain you put me through

Chorus

When youâ€™re gone

So as Iâ€™m leaving I say to you
For all the pain you put me through

Chorus
