Shadows don't call  
me up  
I know that I'm wrong  
And if your words don't fall  
now one can see what you've done  
And the cautious of the shadows will bloom  
and cover up your heart  
And I know that you carry them with bloom  
I can see it from your scars  
Shadows don't call me up  
don't call me up  
Shadows don't call me up  
don't call me up  
Ooooooh  
And your thoughts of her  
will rest a fall  
on a memory that answer your calls  
Shadows don't call me up  
don't call me up  
Shadows don't call me up  
don't call me up
