[Chorus]

I don't know how you're gonna survive
Without your cheat codes and extra lives. (Extra lives.)
You'd think you'd get a CLU by now.
But you're a fatal error, (Fatal error,)
A total system failure; (System failure.)
Your laggin''s draggin' me down!

You think that life's a game;
You think we're all the same,
Just AI scripts with nothing new to say.
Think you can just shoot me down,
But I'll come right back around.
Insert another quarter when you wanna play
Again.

[Chorus]

You think you're so high-tech;
You think you've got my respect,
But, every day, you're just wasting away!
You think that you can pause my heart
Just by pressing start;
You're wasting my time, so it's END OF LINE for you!

[Chorus]

So, shut up and play!
Shut up and go away!
UP - DOWN - UP - DOWN - LEFT - RIGHT - LEFT - RIGHT -
B - A - START!
Shut up and play!
Shut up and go away!
Sick and tired of you torrenting my heart!

So, shut up and play!
Shut up and go away!
UP - DOWN - UP - DOWN - LEFT - RIGHT - LEFT - RIGHT -
B - A - START!
Shut up and play!
'Til I blow you away!
Sick and tired of you fragmenting my heart!

[Chorus x2]
