Girl my pulse, is gone  
The way you lick your lips baby  
That's wrong  
I tried but I can't seem to leave you alone  
Damn you got me sprung, touch me and I'm numb,  
numb, numb  
Don't know how you keep me cuffed  
Locked up in this chains, of lust, yeah  
Call my name, I'll come, girl you got me dumb, dumb,  
dumb

You're playing with my heart, I'm barely breathing  
You're playing with my heart, can't stop the bleeding  
And my whole world fades to dark  
You're playing with my heart  
You're playing with my heart  
Impossible to ignore, the pain  
Though it's a mess baby I'm glad, you came  
You got me circling down, your drain  
You're smoking like a, ha, you must be the one, let's  
go  
Damaging every part of me,  
Another toast baby I'ma feel  
A sexy trouble that's all you are, baby you are

You're playing with my heart, I'm barely breathing  
You're playing with my heart, can't stop the bleeding  
And my whole world fades to dark  
You're playing with my heart  
You're playing with my heart  
You're playing with my heart  
My, my, my, my heart  
Oho, you're playing with my heart  
Oho, my, my, my, oho

Oho, oh yeah, oho, oho, oh baby, oho

You're playing with my heart, I'm barely breathing  
You're playing with my heart, can't stop the bleeding  
And my whole world fades to dark  
You're playing with, you're playing with  
You're playing with my heart, I'm barely breathing

You're playing with my heart, can't stop the bleeding  
And my whole world fades to dark  
You're playing with my heart  
Stop playing with my heart
