Serious, I've been furious
That I'm about to blow a fuse 'cause boy I got a hook on
you
Now what do ya think went through ya
Now it take a little time 'cause brothers got to work it
out
I I I wanna tell ya how my heart aches
I don't believe in miracles but I gotta have a little faith
and I'm crazy 'bout you baby
So why don't you tell me how isn't making you my
business

QuÃ© pasa contigo?
What tease you on your mind?
Don't you want to say
bye bye, with your ay oh ay oh

It's critical, I can't let you go
What is it that I, i'm getting wrong I can't do right
I'm asking for some a love action, better
You better make a little sign a little reason for your
rhyme
I, I I wanna tell about your mistakes
You don't believe in anything but you'd better hear me
when I say
That I'm crazy 'bout you baby
So why don't you tell me how isn't making you my
business
