No deposit (no deposit, no return)No return (knew I
had, knew I had to learn)So I fellFor a country girlI'm
running away from the city lightsGonna get out of the
smogGoin' down in the countrysidel might even get me
a jobI'm moving out of this neighbourhoodIf I have to
walk through the wallRockin' and rollin' down the
country lanesGetting away from it all
No deposit (no deposit, no return)No return (knew I
had, knew I had to learn)'Cos I knew I had (no deposit,
no return)Knew I had to learn (knew I had, knew I had to
learn)So I fellFor a country girlAnd I'm running away
from the city lightsI'm gonna get out of the smogGoin'
down in the countrysidel might even get me a jobI'm
moving out of this neighbourhoodDoin' a daylight
flitRockin' and rollin' down the country lanes'Cos
mother nature told me to quitOh yea oh yea
I fell in loveOn a cool clear nightWhere the grass was
greenAnd the moon was brightAnd you wouldn't
believeBut I swear I was thereAnd we tasted the dewOn
the clean night air
(No deposit)(No return)(I knew I had)(Knew I had to
learn)No deposit (no deposit, no return)No return
(knew I had, knew I had to learn)So I fellFor a country
girlAnd now I'm running away from the city lightsI'm
gonna get out of the smogI'm goin' down in the
countrysidel might even get me a jobI'm moving out of
this neighbourhoodIf I have to walk through the
wallRockin' and rollin' down the country lanesGetting
away from it all
Oh oh oh
I'm running away from the city lightsI'm gonna get out
of the smogGoin' down in the countrysidel might even
