Do you ever get the feeling That it's all coming true And  
it's all being realised by you Do you ever get the  
feeling What was prophesied was true And it's all being  
witnessed now by you  
The faces of the children In the artist's loving hands Are  
all returning Into sand The waters of the oceans And the  
rivers running dry It brings a tear to your eye Don't let  
Terra die  
Do you ever get the feeling That it's all coming true And  
it's all being recognised by you Do you ever get the  
feeling Nostradamus told us true And it's all being  
witnessed now by you  
The waters of the oceans And the rivers running dry It  
brings a tear to your eye The faces of the children In the  
artist's loving hands Are all returning Into sand And  
slipped right through our hands  
Do you ever get the feeling
