Standing in the moonlight I saw you standing in the  
moonlight With your hair a-shining blue, I shivered in  
the midnight air He was in the shadows He was hiding in  
the shadows Why he looked so dark and cold and  
lonely Only Heaven knows  
Oh Penumbra Just like that moon Some of it black, some  
of it bright Some of it blue  
Oh Penumbra I'm just like you Feeling so shy Hiding  
behind somebody too Oh I'm just like you  
If I could have one wish I'd take you on a starship But I  
wouldn't know what to do with All the love I have for  
you There's nothing much between us No there's  
nothing much between us Even Mercury and Venus They  
couldn't take me far from you  
Oh Penumbra Just like that moon Some of it black, some  
of it bright Some of it blue  
Oh Penumbra I'm just like you Feeling so shy Hiding  
behind somebody too Oh I'm just like you  
Yes I'm just like you
