I can understandThe rain that fallsWaves that crash
upon the shoreAnd I know that everyoneMust have
freedom todayAnd baby in my dreams I seel see you
walking away

I can understand the moon and stars (understand
moon and stars)Wonders of this world of ours
(wondrous world of ours)And I see the fire of
lifeBurning brighter each dayAnd baby in my dreams I
seel see you walking away (walking away)So far away
(so far away)I see you walking away (walking away)
So fly, my silverbird (fly silverbird)You know that IAm
waiting for youAnd everywhere you goI'm with you still
(fly silverbird)I know you willReturn somedayAnd
through the rain and the snow (and the snow)When
there's nowhere left to goI hope you'll stayOh darling,
now I understandAnd I'm home to stay

When I close my eyes, I see you there (close my eyes,
see you there)In everyone and everywhere (everyone,
everywhere)And I feel the power of loveLike an ocean
todayAnd baby in my dreams I seel see you walking
away (walking away)So far away (so far away)I see you
walking away (walking away)

So fly, my silverbird (fly silverbird)You know that IAm
waiting for youAnd everywhere you goI'm with you still
(fly silverbird)I know you willReturn somedayAnd
through the rain and the snow (and the snow)When
there's nowhere left to goI hope you'll stayOh darling,
now I understandAnd I'm home to stay

So fly, my silverbird (fly silverbird)You know that IAm
waiting for youAnd everywhere you goI'm with you still
(fly silverbird)I know you willReturn somedayAnd
through the rain and the snow (and the snow)When
there's nowhere left to goI hope you'll stayOh darling,
now I understandAnd I'm home to stay

And through the rain and the snow (and the
snow)When there's nowhere left to goI hope you'll
stayOh darling, now I understandAnd I'm home to stay
(oh, oh, oh my silverbird, come on home to stay) repeat
and fade
