

Hayward Justin "Tightrope"

Visit "[Tightrope](#)" on MotoLyrics.com

Yes I used to walk the highwire every night
Yes I used to walk the tightrope
But it got too tight
I walked the straight and narrow line
My head was spinning round
I worked without a safety net
But it was such a long way down

Yes I used to walk the highwire every night
Yes I used to walk the tightrope
But you need a head for heights
I walked the straight and narrow rope
My head was spinning round
I worked without a safety net
But it was such a long way down

Oh you might have seen us
If we came to your town
This game's made for heroes
And clowns
Not thinking about tomorrow
Living for today
I never left a note saying I'm going away

Yes I used to walk the highwire every night
Yes I used to walk the tightrope
But it got too tight
I walked the straight and narrow line
My head was spinning round
I worked without a safety net
But it was such a long way down

Oh oh oh oh oh oh oh oh oh ohhhhhh

Yes I used to walk the highwire every night
Yes I used to walk the tightrope
But it got too tight
I walked the straight and narrow line
My head was spinning round
I worked without a safety net
But it was such a long way down

Oh oh oh oh ohhhhhh (Don't look down
Don't look down)
