[Verse 1: Frank Ocean]

Where love goes, I know where love goes  
Oh I know where love goes. know where love goes,  
yeah  
If we wanted our white walls pitch black  
Turn all the lights off and lay back  
We can make love with our bed heads  
We can make light out of thin air  
We can close our eyes and sleep well  
Dreams feel realer than right now  
But whatever you do don't let go  
My only nightmare is when your loves gone  
Alone when your not mine  
And the room painted off white  
Running out in the daylight, tryna get back to you  
When I stare into your eyes, I see my real life  
That's when I never sleep with my back to you

[Hook]

When I lay it down, facing you  
I can feel my eyelids close (I never sleep with my back  
to you)  
And if the sun rises, (back to you) behind you  
I don't think I'd notice though  
I never sleep with my back to you, back to you  
I never sleep with my back to you, back to you, back to  
you

[Verse 2: Frank Ocean]

Laying under the covers that I stole  
From your side of the bed cause I got cold  
You rolled over and whispered ri-ride with me  
So you been sleeping with a thief in your bed  
Stole your heart, and your pillows  
Whatever you do just don't go  
Baby?  
Alone in the world when your not mine  
In a room painted off white  
Running out in the daylight, tryna get back to you  
When I'm looking in you eyes, I see my real life  
So I never sleep with my back to you

[Hook]

When I lay it down, facing you  
I can feel my eyelids close (I never sleep with my back  
to you)  
And if the sun rises (back to you) behind you  
I don't think I'd notice though (I never sleep with my  
back to you)

[Bridge]

Like a nightlight, like a?  
Like toddlers playing  
Look at us baby, two grownups acting like children

[Hook]

When I lay it down, facing you  
I can feel my eyelids close (I never sleep with my back  
to you)  
And if the sun rises, (back to you) behind you  
I don't think I'd notice though (I never sleep with my  
back to you, back to you)  
When I lay it down, facing you  
I can feel my eyelids close (I never sleep with my back  
to you)  
And if the sun rises, (back to you) behind you  
I don't think I'd notice though (I never sleep with my  
back to you, back to you)
