"Embrace Me"

I don't know how to touch you in the voiceless, senseless,
blind world
The whole place is black and white landscape
I live the same world as you do in the eternal time
I wish for the end of time I wish for the end...
I'll sing for you...
Love me... Save me... Hold me... I don't leave leave
your side
Lead me... Bring me... Take me... Close to your heart
The same sky, earth, air, I feel them as
Still, I'm apt to be controlled by loneliness I try to break
a wall
There isn't what we must not break It is created thing
all what we can see
Love me... Save me... Hold me... I don't leave leave
your side
Lead me... Bring me... Take me... Close to your heart
Love me... Save me... Hold me... I don't leave leave
your side
Lead me... Bring me... Take me... Close to your heart
I wish for the end of time Fallen love...
