"End Dream"

Just like a child in the dark
Frightened and too scared to move
Annihilation of nations begins
The galaxy tears apart in my dreams
If I knew then, what I know now
Would I have opened those doors?
Dreams now they begin, time slows and then it ends
Dreams now they begin, time froze the dream of the
end
The dream repeats and won't fade
The future is stolen away
What I have done now the darkness reveals
The master's face is no longer concealed
If I knew then, what I know now
Would I have opened those doors?
Dreams now they begin, time slows and then it ends
Dreams now they begin, time froze the dream of the
end
Is this the dream world, is this the real world?
Are they the same place that we must all face?
Is this a nightmare that we must all share?
Is this my demon, I cannot reason?
Why do I hate me? Will Jesus save me?
Machine created, man decimated
(They stole the future)
If I knew then, what I know now
Would I have opened those doors?
Dreams now they begin, time slows and then it ends
Dreams now they begin, time froze the dream of the
end
Just like a child in the dark
