The wings take me...  
Fly to my sweet memories tonight  
In my sleep... I am a freebird

"Now we cannot (be) together"  
Yes I know, this is my life  
I'll just see you in the rainy time  
There is not past and future  
There is nothing in boardwalks

I wish...  
When the end of my life ties  
My smiles just lie (on) couch  
Being for her (is) far and away  
And go back in circle  
I'm in the wind (and) run toward xxx around the world

"When downfall" pains your fate, you find place"

Go! Fly now! To faraway  
--go flight faraway--  
Guilties... no fade...  
--guilties no fade--  
Exit... no way...  
--exit fades--  
The world wastes for desire  
--no way... in this world (I'm) beseeching desire--

Dance with the pray ya in the nightfall  
Dance with the fear in my icicle  
The vibes starting energy blast  
The end that story of the insane  
Yes, I know... you fly to a place

(The) voices stay in my heart forever  
And (the) voices is calling my voice  
God...  
The wings take me...  
Fly to my sweet memories tonight  
In my sleep... I am a free  
You fly...

Take me...
