I feel the winds of life  
Will the sun rise, will it shine on me?  
I'm void I'm in this spiral fate  
I can't escape from here  
Stargazing at twilight time  
Will an angel fall in my dream?  
Invite let it be my remembrance  
Let it be many days  
Will I wake up in a hopeful new world  
Or a soundless void? Endless fright...

How many long winters passed  
Craving for light in snows embrace  
Dance with me all the things in this world  
Dance with me  
How long will the travel take?  
Will the snow cover my traces?  
Weird fate is it not gonna change?  
I'll beat this fate this time  
Will I wake up in a starry new world?  
When I vanish... What lies beyond this all?

I am flying I am diving  
In this endless sky disintegrating  
I am flying I am diving  
Where am I going in this lifeless wave?

Live, it's the freedom to be yourself  
I'm traveling on percentage  
Die, it's the freedom from yourself  
The glory waits for me  
Live with my mind  
I don't know what fear awaits  
With my mind the sky surely exists  
I will beat this fate this time

Pale light is piercing through the snow...

I am flying I am diving  
A silent planet rising in my travels  
I am flying I am diving

As long as I can fight I will keep fighting

Live, it's the freedom to be yourself  
I'm traveling on percentage  
Die, it's the freedom from yourself  
I will beat this fate this time
