I will stay here forever  
You are always by my side  
Whenever I casually see you  
I always peep into the depth of your eyes

What are you thinking now baby?  
Encouragement of you supports me  
With shinations in your pure eyes

You'll remain as you are now  
I hold you in my arms all the time  
With shinations in your pure heart

Mystic your heart

You aren't perfect  
But your honesty and purity enamor me  
Although we run up against walls  
I can go over them with you together

I can't leave you baby

Mystic your heart

You aren't perfect  
But your honesty and purity enamor me  
Although we run up against walls  
I can go over them with you together

I can't leave you baby...
