Traveling in time
The outer space swallowing your mind
I know you can hear me now
Wondering If I really exist

Runnin' out of lies and self-deceit
Realisation drawing
Bittersweet horizon
Fly away

There's a million ways to hush my voice
And a million ways to kill my thoughts
Maybe I'm all that you fear
I'm a stargazer
My eyes see differently

Alien transmission through my brain
Bright shadows' ghostly traces in the sky now
You're as weird as you think I am

Runnin' out of lies and self-deceit
Realisation drawing
Bittersweet horizon
Fly away

There's a million ways to hush my voice
And a million ways to kill my thoughts
Maybe I'm all that you fear
I'm a stargazer
I want to believe

Controlling lives
From a T.V. screen
Condemning lives
Playing God
Annihilation
Is the only salvation?

Maybe I'm a thorn in you perfection
A heretic's voice in your head
A stargazer, releaser

There's a million ways to hush my voice
And a million ways to kill my thoughts
Maybe I'm all that you fear
I'm a stargazer
My eyes see differently
