"I Swallowed A Dragon Fly"

Oh, I want to go
to a place we've never been
Been down for a while -
we're coming up to the surface

I swallowed a dragonfly
with hopes that it would help me fly
And it did - for just one day
and that day I saw everything

And I keep on moving forward
Even when I'm down
I keep on moving forward
all the time

I keep on moving forward all the time
I keep on moving forward even when I'm down

I don't know,
don't know what it is that keeps me down
