New day is rising look out for me
And you're the window
Out in the country you owe so quiet and still
Going now roamin', roamin' around in the day dreams
Burning my eyes is i looked towards the sun

Well the arrow killed the beast
That is burning inside of me

On the horizons the warm color of amber
The sky forms shadows all across the land
A simple life out here in the country
Where the skies full of mystery and mystery fills the air

Well the arrow killed the beast
That is burning inside of me

Why don't we go out, why don't we head towards the
sun oh oh-oh oh oh
Why don't we go out, why don't we head towards the
sun oh oh
All of my days i spend wandering out, out towards the
sun
All of my days I spend wandering out, wandering
towards the sun

And the arrow killed the beast
That is burning inside of me
And the arrow kill the beast
That is burning inside of me

Why don't we go out, why don't we head towards the
sun oh oh-oh oh oh
Why don't we go out, why don't we head towards the
sun
