GET ON YOUR KNEES!

Blood will spill  
Tonightâ€™s the night I make this happen  
Can you feel  
The air around you growing colder  
You thought that Iâ€™d forget  
It wasnâ€™t wise for you to slip  
Now look me in the eye

Iâ€™ll see you on the other side!  
Where you belong  
You cannot hide!

Begging me  
On your knees  
Crying please have mercy  
As if itâ€™ll change the fact  
When I turned  
You stabbed me in the back  
How does it feel when things get real?  
I can smell the fear that seeps from your heart  
You shouldnâ€™t have crossed the line  
Now youâ€™re out of time  
Iâ€™ve got you cornered in the dark

Fear me now  
For Iâ€™m the beast  
That youâ€™ve unleashed  
You created this whole mess  
Now hereâ€™s the test  
Will you regret every word youâ€™ve said to me?

No one  
No one but me has the power  
To determine your fate  
So câ€™mon donâ€™t be a coward  
Hereâ€™s your chance to make me bleed

Time to let you wake back up  
Go ahead open your eyes  
I'm standing here in the dark

About to hand you back your life  
To bad it came down to this  
Now there's a way out of this hell you're in  
There was nothing to hold me back  
Except the fact that it would have given me bliss

Now run away  
And never turn back  
Or witness the day  
you face my wrath

There was nothing to hold me back  
Except the fact that it would have  
Given me bliss

Given me bliss  
Given me bliss
