Resurrecting memories from the bottom of this red cup
Deep in thought as I pound another shot
It's times like these when I think about the past
And what I'd give to bring those moments back

We will push as far as we can go
Although it's tempting
We're never letting go
Take my hand
Let's do this together
Life's so short
Don't let a good thing pass you by

Like stars in the sky
Nothing great lasts forever
But deep in our hearts
We will always have each other
When the sun sets on this rock that we call home
I swear, I that's when I think of you

I've took some time to think about my life
The things I've done
I shouldn't be alive
I've hit rock bottom
I've also seen the top
The room is spinning
But I swear I'll never stop
I'm 5 shots in, I've got plenty more to go
Got my friends by my side
And some friends on the floor
It's times like these when I think about the past
What I'd give to make this moment last
To make this moment last!
