(verse1)

Runaway if you have to don't think twice.
It's ok and what's love without a sacrifice.
You swore you'd stand beside me
Until death you said you'd stay with me for life.

(verse2)

It's a cold night in November
And the lights race past my eyes like the ghost of
electricity
And I held you near me
And your breath was hot but sweet like August wine....
And the sky broke down and cried.

(Chorus)

The poison pouring rain, rain your poison down on me
again.
And the walls came down.The poison pouring rain, rain
your poison down
And like floods unto the flame under the poison
pouring rain.

(Verse3)

In our perfect pandemonium we drink to endless bliss
from the chalice
Of our broken dreams, and our hearts were on fire in
the midst of death through January freeze,
and the thunder broke the silence.

(Chorus)

The poison pouring rain, rain your poison down on me
again.
And the walls came down.The poison pouring rain, rain
your poison down
And like floods unto the flame under the poison
pouring rain.

The poison pouring rain, rain your poison down on me
again.
And the walls came down.The poison pouring rain, rain
your poison down
And like floods unto the flame under the poison

pouring rain.
(let your poison pour my heart is flooded).
Poison pouring rain, poison pouring rain ..
