I've been working hard... But its hardly worth it
Without you by my side i feel like nothings working
I'm tryn' to blow up fast in this city
At the same time make some cash from ambition
See i got this vision, my click will rule the nation
No time for sleeping, fuck procrastination
I love you id kill anyone for you
Soon as i make it ill be coming home for you.

[CHORUS]x2

I'm Singing For You

I'm on the road to riches but its different on this road
I try to call back home, you don't pick up your phone
Your sleeping while I'm gone, I'm feeling so alone
And then i realize why i gotta do this on my own

It's is for my people, It's is for my fam
I gotta let them know, whats plan
if you leave you know ill never make it through
You just gotta remember that I'm Singing For You!

[CHORUS]x4

Im Singing For You!
Whoa oh whoa oh
I keep on singing i keep on

I'm tryn' to blow up fast in this city
But at the same time make some cash from ambitions

I keep on singing i keep on singing for you (I keep
on)x2

I'm on the road to riches but its different on this road
I try to call back home, you don't pick up your phone

I keep on singing i keep on singing for you (I keep
on)x2
