

Odious Sanction "Failure"

Visit "[Failure](#)" on MotoLyrics.com

The time has come to see
What has become of me
Nothing but living scars
I am filled with rage
Because I'm older in age
And I feel so stuck

Everything I've ever done
I never feel like I have won
Failing at everything
Shame and guilt is all I feel

All this pain, all this time - I feel like I am always blind
Honesty painful truth - all I want to do is try

The time has come to see
What has become of me
Nothing

Failure

I just try to keep my head up
Or I will wither and die

I'm tired of failing - I must stand strong and proud
I can't be defeated - I won't let myself down

Pathetic
To live life close minded

Failure
