"Live In Hate"

Still Alive!

Feel life's hate

Destroying me

One more time

Not knowing why

Burn with me

Soon you'll believe

Murdering the population

We're killing ourselves

Why do we live in hate?

Wasting my life - wasting time

Repeating mistakes

I feel the things

Humans have done to me

Now Die

Violence

All this hate - is killing me

Determination - carries on

Critical error
