You're bumming the kids out  
With your screaming take it outside  
Recycling rope from all the noose's I've tied  
I've emptied my stomach but I still feel sick  
And I swear I didn't drink  
I'm driving with the windows down taking photos of  
accidents while I speed  
This is who I am  
Burning the ants with a magnifying glass  
Just pretending to jolt in the bed you laid  
While I'm waiting in line and I'm pretending to care  
To catch a small glimpse of the mess you've made  
I'll be thrown from the boat with a bet to let go  
Sleeping alone with the cards you've played  
I'll be signing a line with a pain hidden plan  
From all the years that I'm surprised you stayed well  
Crawl our way out  
I'll be searching for the enemy  
We'll find our way back  
A lesson taught but a memory taken

Lightspeed Down  
We hear the sound  
Pounding the air of restlessness  
Our bodies finally hit the ground  
Lightspeed Down  
We hear the sound  
Slipping across the interstate  
And ending up in these boring towns

Burning the ants with a magnifying glass  
Just pretending to jolt in the bed you laid  
While I'm waiting in line  
And I'm pretending to give a shit  
About the fucking mess you've made  
I'll be thrown from the boat with a bet to let go  
Sleeping alone with the cards you've played  
I'll be signing a line with a pain hidden plan  
From all the years that I'm surprised you stayed well  
Crawl our way out  
I'll be searching for the enemy  
We'll find our way back

A lesson taught but a memory taken
