Shake shake your body down

Oh shake

Skae your bod down

Oh shake

...

Everybody - all you people gather round

And get your body busy - move it up and groove it
down

We're gonna use it up - gonna wear it out

Ain't nothin' left in this whole world I care about

I said one two three shake your body down

(Shake it down to me)

One two three shake your body down to me

(Shake it down to me)

One two three shake your body down

(Shake it down to me)

One two three oh shake

Bussy bodys - bodys lookin' good tonight

You got that hungry feelin' for some love and it's
alright

It's alright

it's alright

We'e gonna use it up - wear it out

Ain't nothin' left in this whole world I care about

I said one two three shake your body down

(Shake it on down to me)

...

Used it up - wear it out

Ain't nothin' left in this whole world I care about

I said one two three shake your body down

(Shake it down to me)

Do it all night

do it all night long

Do it all night long

do it all night

...

Do it all night long

Gonna use it up - gonna wear it out
Ain't nothin' left in this whole world I care about
Gonna used it up - gonna wear it out
Ain't nothin' left in this whole world I care about
I said one two three shake your body down
(Shake it on down to me)
One two three shake your body down to me
(Shake it on down to me)
One two three shake your body down
(Shake it on down to me)
One two three oh shake
