'Til now, I always got by on my own  
I never really cared until I met you  
And now it chills me to the bone  
How do I get you alone

[P. Reign]

I sit back and reminisce, it hurts to think about it all  
We was on top of the world, whoever thought that we  
would fall  
Standing by the phone, alone, ignoring your call  
I feel like spiderman, you got me flying off of the wall  
I ain't wanna leave, but still I had to go  
'Cause what goods a rainbow without my pot of gold  
But now your bed's empty and your pillow's cold  
You never realized the love until my love was gone

When I said I could move on and go  
You said I'm weak and it shows  
I couldn't go on without you  
Now I'm sitting in this house alone  
Wondering why I left home  
And I'm hoping that you know that

'Til now, I always got by on my own  
I never really cared until I met you  
And now it chills me to the bone  
How do I get you alone

[P. Reign]

You act like you don't need me  
'Cause you're scared of being needy  
You want to have your cake and eat it too  
I call that being greedy  
And they say that love costs  
Consider this a freebie  
No one said this would be easy  
Either love me or just leave me  
Admit it, we too old for pretendin'  
Ain't like our bond is broken  
It just needed some mending  
And when you need a hand

You know I'll be there to lend it  
What's the point in having time  
If I ain't there to help you spend it  
Yeah

When I said I could move on and go  
You said I'm weak and it shows  
I couldn't go on without you  
Now I'm sitting in this house alone  
Wondering why I left home  
And I'm hoping that you know that

'Til now, I always got by on my own  
I never really cared until I met you  
And now it chills me to the bone  
How do I get you alone  
How do I get you alone

I wonder where you are tonight  
No answer on the telephone  
And the night goes by so very slow  
Oh, I hope that it won't end though  
Alone

And I'm hoping that you know that

'Til now, I always got by on my own  
I never really cared until I met you  
And now it chills me to the bone  
How do I get you alone

'Til now, I always got by on my own  
I never really cared until I met you  
And now it chills me to the bone  
How do I get you alone  
How do I get you alone
