On this silent holy night  
As I hold this precious child  
There are no words for this moment  
Heaven and Earth meet in my arms tonight  
He is mine and yet He is God™ s  
Sleep now, Sleep my Son  
Sleep in peace  
Years ahead will yet unfold  
But tonight I™ ll keep Him close  
Safe and warm in the manger  
Emmanuel sent here to save us  
Tomorrow waits tonight rest your head  
Sleep now, Sleep my Son  
Sleep in peace  
Silent night, Holy night  
All is calm, all is bright  
Round yon virgin, mother and child  
Holy infant so tender and mild  
Sleep in heavenly peace  
Sleep in heavenly peace
