I was unimportant when travelled south
They said, 'your hometown's sunk,
And when you're drunk you've got a filthy mouth'
I was a schoolgirl when i was northward bound
I carried your books, i gave your friends grim looks
And i always put them down
And that is why you'll see
No philosophy on my family tree

But i know enough, i know enough, i know enough
I know enough, enough of that stuff, i know it

So i was out of touch when i travelled home
They said, 'you don't care, you're not aware that you're
now on your own'
I said, 'i need you to keep me amused
When somewhere else i amuse myself, they haven't
got a clue'
And that is why you'll see
No monogamy on my family tree

But i know enough, i know enough, i know enough
But i don't get enough, enough of that stuff, i know it

Greeves is a malapropper, given to bouts of the
nausea
Keep him under the spoiler or we'll be here all day
Wolsey rock city this summer, triani rock city this
summer,
Egham rock city this summer if i get my way

There's nothing to do, so i give it back to you
Day is done and there is nothing to do
No philosophy on my family tree
No monogamy on my family tree

I know enough, i know enough, i know enough
I know enough, enough of that stuff, i know it
(but i don't get enough)
I know enough, i know enough, i know enough (but i
don't get enough)

But i don't get enough, enough of that stuff, i know it
I know it
I know it
