I've made my choice  
You can mark this day  
The day I pledge  
To take His name  
I will be strong  
I will be brave  
Standing for Him  
As I take my place  
I have felt the Spirit burn truth in my heart  
It's in my heart  
I will stand  
I will not fall  
In a world that's weak  
I will not fall  
I'll be true  
I will choose His way  
I know what's right  
And I will not change  
In a world where so many will not  
I will  
I may be one  
But one becomes two  
When you stand with me  
And I stand with you  
As we unite  
Our cause is great  
We're not just the candle  
We are the flame  
I will take the light He gives me  
And I will hold it up high  
I'll hold it up high  
Chorus
