Lead me home
Guide my path today
Fill my mind with thought of Thee
Help me live
The way Thy Son would live
Light my way
Lead me home.

As I walk today
May each step I take
Bring me closer to You
Help me find the good
As I know You would
And help me to see through Your eyes

And give me strength to be my best today
Help me become who You want me to be

But if I should fall
Will You lift me up
So I can see my potential in life
Will You hold my hand
Until I behold Your face

Lead me home
Guide my path today
Fill my mind with thought of Thee
Help me live
The way Thy Son would live
Light my way
Lead me home.
