I can feel myself breathe  
Really breathe again  
Gonna let myself dream  
Truly dream again  
I won't ever stop trying  
This is my story  
And I'm still writing  
I'm uncovering strength  
I've never felt before  
There's a fire inside  
That's never burned before  
My fears are all dying  
It's time to spread my wings  
And start flying  
This moment is mine and I'm gonna take it  
Today is a gift I will embrace it  
I am strong and I believe that's who I'm meant  
to be  
Every step that I take is lifting me higher  
Every corner I turn the future is brighter  
I am brave enough to face the storm  
And still stand  
That's who I am  
It's not about the race  
It's not how fast I run  
It's finding out what's inside  
And who I can become  
It's all about letting go and holding on  
It's about taking chances  
And staying strong
